INFORMATION DISCLOSURE STATEMENT

Sir:

This is an Information Disclosure Statement filed in accordance with 37 CFR 1.98(c).

Attached is a Form PTO/SB/08 identifying each of the two references cited in the International Search Report issued by the European Patent Office on September 25, 2003 in connection with the above-identified International Application. As can be seen from the enclosed copy of that Search Report, the two references are indicated as being in Category A, defining the general state of the art but not of particular relevance.

No copy of either of these identified references is enclosed since copies are presumed to already be in the file due to having been forwarded by the European Patent Office as a result of an existing treaty. However, if no such copies of the references are in the file and a copy of one or both of these references is desired, please request a copy of the desired reference from undersigned counsel and it will be supplied.

Attached Form PTO/SB/08 also identifies two references cited in the application, copies of which are attached, including English abstracts.

Since all requirements for the filing of Information Disclosure Statements have been complied with, it is requested that the Examiner consider all of the identified references and indicate such consideration by enclosing a properly initialed copy of the enclosed Form PTO/SB/08 with the initial Office Action.

Respectfully submitted,

FITCH, EVEN, TABIN & FLANNERY
